

Derek's Life Story Code

This is my own custom encoded text, with my own system. Can you crack it? Convert it to English.

AI can't crack it even with half of the key given. My AGI would be able to easily.

Note: There is no AGI content on this page.

I will post the key to decode this at some time in the future.

Life Story part 1: 01,0901,042,03>15_t102,020t_1c3,002,031,08141h_64y.
